Note: The categories of investments are shown as a percentage of total net assets at July 31, 2017.

Various inputs are used in determining the value of the Fund's investments. These inputs are summarized in the three broad levels listed below:

Level 1—quoted prices in active markets for identical securities.

Level 2—other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.). Also includes securities valued at amortized cost.

Level 3—significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments).

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities.

In valuing the Fund's assets as of July 31, 2017, all investments of the Fund are valued using amortized cost, which is a methodology utilizing Level 2 inputs.

Notes to Financial Statements

July 31, 2017

1. ORGANIZATION

Money Market Obligations Trust (the "Trust") is registered under the Investment Company Act of 1940, as amended (the "Act"), as an open-end management investment company. The Trust consists of 30 portfolios. The financial statements included herein are only those of Federated Government Obligations Fund (the "Fund"), a diversified portfolio. The financial statements of the other portfolios are presented separately. The assets of each portfolio are segregated and a shareholder's interest is limited to the portfolio in which shares are held. Each portfolio pays its own expenses. The Fund offers eight classes of shares: Class R Shares, Institutional Shares, Service Shares, Cash II Shares, Cash Series Shares, Capital Shares, Trust Shares and Premier Shares. All shares of the Fund have equal rights with respect to voting, except on class-specific matters. The investment objective of the Fund is to provide current income consistent with stability of principal.

The Fund operates as a government money market fund. As a government money market fund, the Fund: (1) invests at least 99.5% of its total assets in: (i) cash; (ii) securities issued or guaranteed by the United States or certain U.S. government agencies or instrumentalities; and/or (iii) repurchase agreements that are collateralized fully; (2) generally continues to use amortized cost to value its portfolio securities and transact at a stable \$1.00 net asset value (NAV); and (3) has elected not to be subject to the liquidity fees and gates requirement at this time as permitted by Rule 2a-7 under the Act.

On December 11, 2015, the Fund acquired all of the net assets of Federated Government Cash Series (the "Acquired Fund"), an open-end investment company in a tax-free reorganization in exchange for shares of the Fund, pursuant to a plan of reorganization approved by the Acquired Fund's Board of Directors. The purpose of the transaction was to combine two portfolios with comparable investment objectives and strategies. For financial reporting purposes, assets received and shares issued by the Fund were recorded at fair value; however, the cost basis of the investments received from the Acquired Fund was carried forward to align ongoing reporting of the Fund's realized gains and losses with amounts distributable to shareholders for tax purposes.

Assuming the acquisition had been completed on August 1, 2015, the beginning of the annual reporting period of the Fund, the Fund's pro forma results of operations for the year ended July 31, 2016, were as follows:

Net investment income*	\$32,838,155
Net realized gain on investments	\$ 145,650
Net increase in net assets resulting from operations	\$32,983,805

* Net investment income includes \$16,404 of pro forma additional expenses.

For every one share of the Acquired Fund exchanged, a shareholder received one share of the Fund's Cash II Shares.

The Fund received net assets from the Acquired Fund as the result of the tax-free reorganization as follows:

Shares of the Fund Issued	Acquired Fund Net Assets Received	Net Assets of the Fund Immediately Prior to Combination	Net Assets of the Fund Immediately After Combination
404,634,851	\$404,634,851	\$28,365,086,206	\$28,769,721,057

Because the combined investment portfolios have been managed as a single integrated portfolio since the acquisition was completed, it is not practicable to separate the amounts of revenue and earnings of the Acquired Fund that has been included in the Fund's Statement of Changes in Net Assets for the year ended July 31, 2016.

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of its financial statements. These policies are in conformity with U.S. generally accepted accounting principles (GAAP).

Investment Valuation

Securities are valued at amortized cost. Under the amortized cost valuation method, an investment is valued initially at its cost as determined in accordance with GAAP. The Fund then adjusts the amount of interest income accrued each day over the term of the investment to account for any difference between the initial cost of the investment and the amount payable at its maturity. If amortized cost is determined not to approximate fair value, the value of the portfolio securities will be determined in accordance with the procedures described below. There can be no assurance that the Fund could obtain the fair value assigned to an investment if it sold the investment at approximately the time at which the Fund determines its NAV per share.

The Board of Trustees (the "Trustees") have ultimate responsibility for determining the fair value of investments. The Trustees have appointed a Valuation Committee ("Valuation Committee") comprised of officers of the Fund, Federated Investment Management Company ("Adviser") and certain of the Adviser's affiliated companies to assist in determining fair value of securities and in overseeing the comparison of amortized cost to market-based value. The Trustees have also authorized the use of pricing services recommended by the Valuation Committee to provide fair value evaluations of the current value of certain investments for purposes of monitoring the relationship of market-based value and amortized cost. The Valuation Committee employs various methods for reviewing third-party pricing-service evaluations including periodic reviews of third-party pricing services' policies, procedures and valuation methods (including key inputs and assumptions), and review of price challenges by the Adviser based on recent market activity. In the event that market quotations and price evaluations are not available for an investment, the Valuation Committee determines the fair value of the investment in accordance with procedures adopted by the Trustees. The Trustees periodically review and approve the fair valuations made by the Valuation Committee and any changes made to the procedures.

Repurchase Agreements

The Fund may invest in repurchase agreements for short-term liquidity purposes. It is the policy of the Fund to require the other party to a repurchase agreement to transfer to the Fund's custodian or sub-custodian eligible securities or cash with a market value (after transaction costs) at least equal to the repurchase price to be paid under the repurchase agreement. The eligible securities are transferred to accounts with the custodian or sub-custodian in which the Fund holds a "securities entitlement" and exercises "control" as those terms are defined in the Uniform Commercial Code. The Fund has established procedures for monitoring the market value of the transferred securities and requiring the transfer of additional eligible securities if necessary to equal at least the repurchase price. These procedures also allow the other party to require securities to be transferred from the account to the extent that their market value exceeds the repurchase price or in exchange for other eligible securities of equivalent market value.

The insolvency of the other party or other failure to repurchase the securities may delay the disposition of the underlying securities or cause the Fund to receive less than the full repurchase price. Under the terms of the repurchase agreement, any amounts received by the Fund in excess of the repurchase price and related transaction costs must be remitted to the other party.

The Fund may enter into repurchase agreements in which eligible securities are transferred into joint trading accounts maintained by the custodian or sub-custodian for investment companies and other clients advised by the Adviser and its affiliates. The Fund will participate on a pro rata basis with the other investment companies and clients in its share of the securities transferred under such repurchase agreements and in its share of proceeds from any repurchase or other disposition of such securities.

Repurchase agreements are subject to Master Netting Agreements which are agreements between the Fund and its counterparties that provide for the net settlement of all transactions and collateral with the Fund, through a single payment, in the event of default or termination. Amounts presented on the Portfolio of Investments and Statement of Assets and Liabilities are not net settlement amounts but gross. As indicated above, the cash or securities to be repurchased, as shown on the Portfolio of Investments, exceeds the repurchase price to be paid under the agreement reducing the net settlement amount to zero.

Investment Income, Gains and Losses, Expenses and Distributions

Investment transactions are accounted for on a trade-date basis. Realized gains and losses from investment transactions are recorded on an identified-cost basis. Interest income and expenses are accrued daily. Distributions to shareholders are recorded on the ex-dividend date. Distributions of net investment income are declared daily and paid monthly.

Amortization/accretion of premium and discount is included in investment income. Investment income, realized gains and losses, and certain fund-level expenses are allocated to each class based on relative average daily net assets, except that Class R Shares, Institutional Shares, Service Shares, Cash II Shares, Cash Series Shares, Capital Shares, Trust Shares and Premier Shares may bear distribution services fees, other service fees and transfer agent fees unique to those classes. The detail of the total fund expense waivers and reimbursements of \$106,140,834 is disclosed in various locations in this Note 2 and Note 5. For the year ended July 31, 2017, transfer agent fees for the Fund were as follows:

	Transfer Agent Fees Incurred	Transfer Agent Fees Reimbursed
Class R Shares	\$ 10,651	\$ (4,689)
Institutional Shares	321,122	(21,333)
Service Shares	2,388,866	—
Cash II Shares	518,343	(12,721)
Cash Series Shares	274,423	(14,215)
Capital Shares	25,475	—
Trust Shares	369,000	—
Premier Shares	498,809	(214,922)
TOTAL	\$4,406,689	\$(267,880)

Dividends are declared separately for each class. No class has preferential dividend rights; differences in per share dividend rates are generally due to differences in separate class expenses.

Other Service Fees

The Fund may pay other service fees up to 0.25% of the average daily net assets of the Fund's Class R Shares, Institutional Shares, Service Shares, Cash II Shares, Cash Series Shares, Capital Shares, Trust Shares and Premier Shares to unaffiliated financial intermediaries or to Federated Shareholder Services Company (FSSC) for providing services to shareholders and maintaining shareholder accounts. Subject to the terms described in the Expense Limitation note, FSSC may voluntarily reimburse the Fund for other service fees. In addition, unaffiliated third-party financial intermediaries may waive other service fees. This waiver can be modified or terminated at any time. For the year ended July 31, 2017, other service fees for the Fund were as follows:

	Other Service Fees Incurred	Other Service Fees Reimbursed	Other Service Fees Waived by Unaffiliated Third Parties
Class R Shares	\$ 11,062	\$ (686)	\$ (9,373)
Institutional Shares	12,977,395	(2,989,258)	—
Service Shares	21,498,503	(24,426)	(45,795)
Cash II Shares	1,427,066	(41,423)	(933,349)
Cash Series Shares	696,829	(12,657)	(611,317)
Capital Shares	3,788,865	—	—
Trust Shares	3,046,778	(30,000)	(1,279,577)
TOTAL	\$43,446,498	\$(3,098,450)	\$(2,879,411)

For the year ended July 31, 2017, the Fund's Premier Shares did not incur other service fees; however, they may begin to incur this fee upon approval of the Trustees.

Federal Taxes

It is the Fund's policy to comply with the Subchapter M provision of the Internal Revenue Code and to distribute to shareholders each year substantially all of its income. Accordingly, no provision for federal income tax is necessary. As of and during the year ended July 31, 2017, the Fund did not have a liability for any uncertain tax positions. The Fund recognizes interest and penalties, if any, related to tax liabilities as income tax expense in the Statement of Operations. As of July 31, 2017, tax years 2014 through 2017 remain subject to examination by the Fund's major tax jurisdictions, which include the United States of America and the Commonwealth of Massachusetts.

When-Issued and Delayed-Delivery Transactions

The Fund may engage in when-issued or delayed-delivery transactions. The Fund records when-issued securities on the trade date and maintains security positions such that sufficient liquid assets will be available to make payment for the securities purchased. Securities purchased on a when-issued or delayed-delivery basis are marked to market daily and begin earning interest on the settlement date. Losses may occur on these transactions due to changes in market conditions or the failure of counterparties to perform under the contract.

Other

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts of assets, liabilities, expenses and revenues reported in the financial statements. Actual results could differ from those estimated. The Fund applies investment company accounting and reporting guidance.

4. FEDERAL TAX INFORMATION

The tax character of distributions as reported on the Statement of Changes in Net Assets for the years ended July 31, 2017 and 2016, was as follows:

	2017	2016
Ordinary Income ¹	\$304,953,634	\$32,867,462

1 For tax purposes, short-term capital gain distributions are considered ordinary income distributions.

As of July 31, 2017, the components of distributable earnings on a tax-basis were as follows:

Undistributed ordinary income ²	\$46,974
Undistributed long-term capital gains	\$ 3,115

2 For tax purposes, short-term capital gains are considered ordinary income in determining distributable earnings.

5. INVESTMENT ADVISER FEE AND OTHER TRANSACTIONS WITH AFFILIATES

Investment Adviser Fee

The advisory agreement between the Fund and the Fund's Adviser provides for an annual fee equal to 0.20% of the Fund's average daily net assets. Subject to the terms described in the Expense Limitation note, the Fund's Adviser may voluntarily choose to waive any portion of its fee. For the year ended July 31, 2017, the Fund's Adviser voluntarily waived \$98,773,252 of its fee and voluntarily reimbursed \$267,880 of transfer agent fees.

Administrative Fee

Federated Administrative Services (FAS), under the Administrative Services Agreement, provides the Fund with administrative personnel and services. For purposes of determining the appropriate rate breakpoint, "Investment Complex" is defined as all of the Federated Funds subject to a fee under the Administrative Services Agreement. The fee paid to FAS is based on the average daily net assets of the Investment Complex as specified below, plus certain out-of-pocket expenses:

Administrative Fee	Average Daily Net Assets of the Investment Complex
0.150%	on the first \$5 billion
0.125%	on the next \$5 billion
0.100%	on the next \$10 billion
0.075%	on assets in excess of \$20 billion

Subject to the terms described in the Expense Limitation note, FAS may voluntarily choose to waive any portion of its fee. For the year ended July 31, 2017, the annualized fee paid to FAS was 0.078% of average daily net assets of the Fund.

Distribution Services Fee

The Fund has adopted a Distribution Plan (the "Plan") pursuant to Rule 12b-1 under the Act. Under the terms of the Plan, the Fund will compensate Federated Securities Corp. (FSC), the principal distributor, from the daily net assets of the Fund's Class R, Cash II Shares, Cash Series Shares and Trust Shares to finance activities intended to result in the sale of these shares. The Plan provides that the Fund may incur distribution expenses at the following percentages of average daily net assets annually, to compensate FSC:

Share Class Name	Percentage of Average Daily Net Assets of Class
Class R Shares	0.50%
Cash II Shares	0.35%
Cash Series Shares	0.60%
Trust Shares	0.25%

Subject to the terms described in the Expense Limitation note, FSC may voluntarily choose to waive any portion of its fee. For the year ended July 31, 2017, distribution services fees for the Fund were as follows:

	Distribution Services Fees Incurred	Distribution Services Fees Waived
Class R Shares	\$ 22,516	\$ (5,073)
Cash II Shares	1,997,891	(350,455)
Cash Series Shares	1,672,388	(741,021)
Trust Shares	3,046,779	(25,292)
TOTAL	\$6,739,574	\$(1,121,841)

When FSC receives fees, it may pay some or all of them to financial intermediaries whose customers purchase shares.

Other Service Fees

For the year ended July 31, 2017, FSSC received \$2,735 and reimbursed \$3,098,450 of the other service fees disclosed in Note 2.

Expense Limitation

Due to the possibility of changes in market conditions and other factors, there can be no assurance that the level of waivers/reimbursement/reduction of Fund expenses reflected in the financial highlights will be maintained in the future. However, the Fund's Adviser and certain of its affiliates (which may include FSC, FAS and FSSC) on their own initiative have agreed to waive certain amounts of their respective fees and/or reimburse expenses. Total annual fund operating expenses (as shown in the financial highlights, excluding interest expense, extraordinary expenses and proxy-related expenses paid by the Fund, if any) paid by the Fund's Class R Shares, Institutional Shares, Service Shares, Cash II Shares, Cash Series Shares, Capital Shares, Trust Shares and Premier Shares and (after the voluntary waivers and/or reimbursements) will not exceed 1.15%, 0.20%, 0.45%, 0.85%, 1.05%, 0.30%, 0.70% and 0.15% (the "Fee Limit"), respectively, up to but not including the later of (the "Termination Date"): (a) October 1, 2018; or (b) the date of the Fund's next effective Prospectus. While the Fund's Adviser and its applicable affiliates currently do not anticipate terminating or increasing these arrangements prior to the Termination Date, these arrangements may only be terminated or the Fee Limit increased prior to the Termination Date with the agreement of the Trustees.

Interfund Transactions

During the year ended July 31, 2017, the Fund engaged in purchase and sale transactions with funds that have a common investment adviser (or affiliated investment advisers), common Directors/Trustees and/or common Officers. These purchase and sale transactions complied with Rule 17a-7 under the Act and amounted to \$1,627,597,254 and \$1,367,904,495, respectively.

General

Certain Officers and Trustees of the Fund are Officers and Directors or Trustees of certain of the above companies. To efficiently facilitate payment, Directors'/Trustees' fees and certain expenses related to conducting meetings of the Directors/Trustees and other miscellaneous expenses are paid by an affiliate of the Fund's Adviser which in due course are reimbursed by the Fund. These expenses related to conducting meetings of the Directors/Trustees and other miscellaneous expenses may be included in Accrued and Miscellaneous Expenses on the Statement of Assets and Liabilities and Statement of Operations, respectively.

6. INTERFUND LENDING

Pursuant to an Exemptive Order issued by the Securities and Exchange Commission (SEC), the Fund, along with other funds advised by subsidiaries of Federated Investors, Inc., may participate in an interfund lending program. This program provides an alternative credit facility allowing the Fund to borrow from other participating affiliated funds. As of July 31, 2017, there were no outstanding loans. During the year ended July 31, 2017, the program was not utilized.

7. REGULATORY UPDATES

On October 13, 2016, the SEC amended existing rules intended to modernize reporting and disclosure of information. These amendments relate to Regulation S-X which sets forth the form and content of financial statements. At this time, management does not believe these amendments will have a material impact on the financial statements and accompanying notes.

8. SUBSEQUENT EVENT

Effective September 1, 2017, the breakpoints of Administrative Fees paid to FAS described above will change to:

Administrative Services Fee Rate	Average Daily Net Assets of the Investment Complex
0.100 of 1%	on assets up to \$50 billion
0.075 of 1%	on assets over \$50 billion

9. FEDERAL TAX INFORMATION (UNAUDITED)

For the fiscal year ended July 31, 2017, 100.00% of dividends paid by the Fund are interest-related dividends, as provided by the American Jobs Creation Act of 2004.

Report of Independent Registered Public Accounting Firm

TO THE BOARD OF TRUSTEES OF MONEY MARKET OBLIGATIONS TRUST AND SHAREHOLDERS OF FEDERATED GOVERNMENT OBLIGATIONS FUND:

We have audited the accompanying statement of assets and liabilities, including the portfolio of investments, of Federated Government Obligations Fund (the “Fund”), a portfolio of Money Market Obligations Trust, as of July 31, 2017, and the related statement of operations for the year then ended, the statements of changes in net assets for each of the years in the two-year period then ended, and the financial highlights for each of the years or periods in the five-year period then ended. These financial statements and financial highlights are the responsibility of the Fund’s management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of July 31, 2017, by correspondence with the custodian and brokers or by other appropriate auditing procedures. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of Federated Government Obligations Fund as of July 31, 2017, and the results of its operations for the year then ended, the changes in its net assets for each of the years in the two-year period then ended, and the financial highlights for each of the years or periods in the five-year period then ended, in conformity with U.S. generally accepted accounting principles.

Shareholder Expense Example (unaudited)

As a shareholder of the Fund, you incur ongoing costs, including management fees and to the extent applicable, distribution (12b-1) fees and/or other service fees and other Fund expenses. This Example is intended to help you to understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other mutual funds. It is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from February 1, 2017 to July 31, 2017.

ACTUAL EXPENSES

The first section of the table below provides information about actual account values and actual expenses. You may use the information in this section, together with the amount you invested, to *estimate* the expenses that you incurred over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first section under the heading entitled “Expenses Paid During Period” to estimate the expenses attributable to your investment during this period.

HYPOTHETICAL EXAMPLE FOR COMPARISON PURPOSES

The second section of the table below provides information about hypothetical account values and hypothetical expenses based on the Fund’s actual expense ratio and an *assumed* rate of return of 5% per year before expenses, which is not the Fund’s actual return. Thus, you should *not* use the hypothetical account values and expenses to estimate the actual ending account balance or your expenses for the period. Rather, these figures are required to be provided to enable you to compare the ongoing costs of investing in the Fund with other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only. Therefore, the second section of the table is useful in comparing ongoing costs only, and will not help you determine the relative *total* costs of owning different funds.

1 Expenses are equal to the Fund's annualized net expense ratios, multiplied by the average account value over the period, multiplied by 181/365 (to reflect the one-half-year period). The annualized net expense ratios are as follows:

Class R Shares	0.83%
Institutional Shares	0.18%
Service Shares	0.42%
Cash II Shares	0.77%
Cash Series Shares	0.81%
Capital Shares	0.30%

- 3 *Actual and Hypothetical expenses paid during the period utilizing the Fund's Institutional Shares current Fee Limit of 0.20% (as reflected in the Notes to Financial Statements, Note 5 under Expense Limitation), multiplied by the average account value over the period, multiplied by 181/365 (to reflect expenses paid as if they had been in effect throughout the most recent one-half-year period) would be \$0.99 and \$1.00, respectively.*
- 4 *Actual and Hypothetical expenses paid during the period utilizing the Fund's Cash II Shares current Fee Limit of 0.85% (as reflected in the Notes to Financial Statements, Note 5 under Expense Limitation), multiplied by the average account value over the period, multiplied by 181/365 (to reflect expenses paid as if they had been in effect throughout the most recent one-half-year period) would be \$4.22 and \$4.26, respectively.*
- 5 *Actual and Hypothetical expenses paid during the period utilizing the Fund's Cash Series Shares current Fee Limit of 1.05% (as reflected in the Notes to Financial Statements, Note 5 under Expense Limitation), multiplied by the average account value over the period, multiplied by 181/365 (to reflect expenses paid as if they had been in effect throughout the most recent one-half-year period) would be \$5.21 and \$5.26, respectively.*

Board of Trustees and Trust Officers

The Board of Trustees is responsible for managing the Trust's business affairs and for exercising all the Trust's powers except those reserved for the shareholders. The following tables give information about each Trustee and the senior officers of the Fund. Where required, the tables separately list Trustees who are "interested persons" of the Fund (i.e., "Interested" Trustees) and those who are not (i.e., "Independent" Trustees). Unless otherwise noted, the address of each person listed is Federated Investors Tower, 1001 Liberty Avenue, Pittsburgh, PA 15222. The address of all Independent Trustees listed is 4000 Ericsson Drive, Warrendale, PA 15086-7561; Attention: Mutual Fund Board. As of December 31, 2016, the Trust comprised 30 portfolio(s), and the Federated Fund Family consisted of 40 investment companies (comprising 124 portfolios). Unless otherwise noted, each Officer is elected annually. Unless otherwise noted, each Trustee oversees all portfolios in the Federated Fund Family and serves for an indefinite term. The Fund's Statement of Additional Information includes additional information about Trust Trustees and is available, without charge and upon request, by calling 1-800-341-7400.

IN MEMORIAM – JOHN F. DONAHUE

(Former Chairman and President, and Emeritus Director/Trustee, of the Federated Funds, and Founder, Former Chairman, President and Chief Executive Officer, and Chairman Emeritus, of Federated Investors, Inc.)

With profound sadness, Federated announces the passing of John F. ("Jack") Donahue, who founded, along with Richard B. Fisher, Federated in 1955 and served as a leader and member of the Boards of Directors/Trustees of the Federated Funds and the Board of Directors of Federated Investors, Inc. Mr. Donahue was a family man of deep faith with exemplary character and fealty, who served his religion, family, community, and the Federated Funds and Federated, as well as their shareholders, officers and employees, with distinction. His integrity, intelligence, and keen sense of fiduciary duty, coupled with his faith, family and background as a West Point graduate and Strategic Air Command B-29 pilot, served as a foundation for his strong business acumen and leadership. Among his many achievements, Mr. Donahue's steadfast and innovative leadership of the Federated Funds and Federated, as well as within the investment management industry, led to the birth of money market funds in the 1970s and their growth as an innovative, efficient and effective cash management vehicle throughout the 1980s, 1990s, 2000s and beyond. Federated expresses deep gratitude to Mr. Donahue for his inspiring leadership, distinguished service and contributions as a husband, father, founder, Board member and officer, colleague and friend. He will be greatly missed.

Evaluation and Approval of Advisory Contract – May 2017

FEDERATED GOVERNMENT OBLIGATIONS FUND (THE “FUND”)

Following a review and recommendation of approval by the Fund’s independent trustees, the Fund’s Board of Trustees (the “Board”) reviewed and unanimously approved the continuation of the Fund’s investment advisory contract for an additional one-year term at its May 2017 meetings. The Board’s decision regarding the contract reflects the exercise of its business judgment after considering all of the information received on whether to continue the existing arrangements.

The Board had previously appointed a Senior Officer, whose duties include specified responsibilities relating to the process by which advisory fees are to be charged to a Federated fund. The Senior Officer has the authority to retain consultants, experts, or staff as may be reasonably necessary to assist in the performance of his duties, reports directly to the Board, and may be terminated only with the approval of a majority of the independent members of the Board. The Senior Officer prepared and furnished to the Board an independent, written evaluation that covered topics discussed below (the “Senior Officer’s Evaluation”). The Board considered the Senior Officer’s Evaluation, along with other information, in deciding to approve the investment advisory contract.

The Board also considered judicial decisions concerning allegedly excessive investment advisory fees in its decision. Using these judicial decisions as a guide, the Board has indicated that the following factors may be relevant to an adviser’s fiduciary duty with respect to its receipt of compensation from a fund: (1) the nature and quality of the services provided by an adviser to a fund and its shareholders (including the performance of the Fund and of comparable funds); (2) an adviser’s cost of providing the services (including the profitability to an adviser of providing advisory services to a fund); (3) the extent to which an adviser may realize “economies of scale” as a fund grows larger and, if such economies of scale exist, whether they have been shared with a fund and its shareholders or the family of funds; (4) any “fall-out financial benefits” that accrue to an adviser because of its relationship with a fund (including research services received from brokers that execute fund trades and any fees paid to affiliates of an adviser for services rendered to a fund); (5) comparative fee and expense structures (including a comparison of fees paid to an adviser with those paid by similar funds); and (6) the extent of care, conscientiousness and independence with which the Fund’s board members perform their duties and their expertise (including whether they are fully informed about all facts the Board deems relevant to its consideration of an adviser’s services and fees). The Board noted that the Securities and Exchange Commission (“SEC”) disclosure requirements regarding the basis for the Board’s approval of the Fund’s investment advisory contract generally align with the factors listed above. Consistent with the judicial decisions and SEC disclosure requirements, the

Board also considered management fees charged to institutional and other clients of Federated Investment Management Company (the “Adviser”) and its advisory affiliates for what might be viewed as like services. The Board was aware of these factors and was guided by them in its review of the Fund’s investment advisory contract to the extent it considered them to be appropriate and relevant, as discussed further below.

The Board considered and weighed these factors in light of its substantial accumulated experience in governing the Fund and working with Federated Investors, Inc. and its affiliates (“Federated”) on matters relating to the Federated funds. The Board was assisted in its deliberations by independent legal counsel. In addition to the extensive materials that comprise and accompany the Senior Officer’s Evaluation, the Board received detailed information about the Fund and the Federated organization throughout the year, and in connection with its May meetings. Federated provided much of this information at each regular meeting of the Board, and furnished additional information in connection with the May meetings, at which the Board’s formal approval of the investment advisory contract occurred. At the May meetings, in addition to meeting in separate sessions of the independent trustees without management present, senior management of the Adviser also met with the independent trustees and their counsel to discuss the materials presented and any other matters thought relevant by the Adviser or the trustees. Between regularly scheduled meetings, the Board also received information on matters as the need arose. The Board’s consideration of the investment advisory contract included review of the Senior Officer’s Evaluation, accompanying data and additional information covering such matters as: the Adviser’s investment philosophy, revenue, profitability, personnel and processes; investment and operating strategies; the Fund’s short-term and long-term performance (in absolute terms, both on a gross basis and net of expenses, as well as in terms relative to its particular investment program and certain competitor or “peer group” funds and/or other benchmarks, as appropriate) and comments on the reasons for performance; the Fund’s investment objectives; the Fund’s expenses, including the advisory fee and the overall expense structure of the Fund (both in absolute terms and relative to similar and/or competing funds), with due regard for contractual or voluntary expense limitations; the use and allocation of brokerage commissions derived from trading the Fund’s portfolio securities (if any); and the nature, quality and extent of the advisory and other services provided to the Fund by the Adviser and its affiliates. The Board also considered the preferences and expectations of Fund shareholders; the entrepreneurial risk assumed by the Adviser in sponsoring the Fund; the continuing state of competition in the mutual fund industry and market practices; the range of comparable fees for similar funds in the mutual fund industry; the Fund’s relationship to the Federated funds which include a comprehensive array of funds with different investment objectives, policies and strategies which are generally available for exchange without the incurrence of additional sales charges; compliance and audit reports concerning

the Federated funds and the Federated companies that service them (including communications from regulatory agencies), as well as Federated's responses to any issues raised therein; and relevant developments in the mutual fund industry and how the Federated funds and/or Federated are responding to them. The Board's evaluation process is evolutionary. The criteria considered and the emphasis placed on relevant criteria change in recognition of changing circumstances in the mutual fund marketplace.

While mindful that courts have cautioned against giving such comparisons too much weight, the Board has found the use of comparisons of the Fund's fees and expenses to other mutual funds with comparable investment programs to be relevant to its deliberations. In this regard, the Board was presented with, and considered, information regarding the contractual advisory fee rates, net advisory fee rates, total expense ratios and each element of the Fund's total expense ratio (i.e., gross and net advisory fees, custody fees, portfolio accounting fees and transfer agency fees) relative to the Fund's peers. The Board focused on comparisons with other similar mutual funds more heavily than non-mutual fund products or services because it is believed that they are more relevant. For example, other mutual funds are the products most like the Fund, in that they are readily available to Fund shareholders as alternative investment vehicles. Also, they are the type of investment vehicle, in fact, chosen and maintained by the Fund's investors. The range of their fees and expenses therefore appears to be a relevant indicator of what consumers have found to be reasonable in the marketplace in which the Fund competes.

The Board reviewed the contractual advisory fee rate, net advisory fee rate where partially waived and other expenses of the Fund and noted the position of the Fund's fee rates relative to its peers. In this regard, the Board noted that the contractual advisory fee rate was above the median of the relevant peer group, but the Board noted the applicable waivers and reimbursements, and that the overall expense structure of the Fund remained competitive in the context of other factors considered by the Board.

For comparison, the Senior Officer has reviewed Federated's fees for providing advisory services to products outside the Federated funds (e.g., institutional and separate accounts and sub-adviser services). He concluded that mutual funds and institutional accounts are inherently different products. Those differences include, but are not limited to, different types of targeted investors; being subject to different laws and regulations; different legal structures; different average account sizes and portfolio management techniques made necessary by different cash flows and different associated costs; and the time spent by portfolio managers and their teams, funds financial services, legal, compliance and risk management in reviewing securities pricing, addressing different administrative responsibilities, addressing different degrees of risk associated with management and a variety of different costs. The Senior Officer did not consider the fees for providing advisory services to these outside

products to be determinative in judging the appropriateness of mutual fund advisory fees. The Senior Officer noted that the services, administrative responsibilities and risks associated with such relationships are quite different than serving as a primary adviser to a fund.

Following such evaluation, and full deliberations, the Board concluded that the expenses of the Fund are reasonable and supported renewal of the Fund's investment advisory contract.

The Board considered the nature, extent and quality of the services provided to the Fund by the Adviser and the resources of the Adviser and its affiliates dedicated to the Fund. In this regard, the Board evaluated, among other things, the Adviser's personnel, experience, track record, overall reputation and willingness to invest in personnel and infrastructure that benefit the Fund. In addition, the Board reviewed the qualifications, backgrounds and responsibilities of the portfolio management team primarily responsible for the day-to-day management of the Fund. The Board noted the compliance programs of, and the compliance-related resources provided to, the Fund by the Adviser. The Fund's ability to deliver competitive performance when compared to its peer group was also deemed to be relevant by the Board as a useful indicator of how the Adviser is executing the Fund's investment program. The Adviser's ability to execute this program was one of the Board's considerations in reaching a conclusion that the nature, extent, and quality of the Adviser's investment management services warrant the continuation of the investment advisory contract.

In evaluating the Fund's investment performance, the Board considered performance results in light of the Fund's investment objective, strategies and risks, as disclosed in the Fund's prospectus. The Board particularly considered detailed investment reports on the Fund's performance that were provided to the Board throughout the year and in connection with the May meetings. The Senior Officer also reviewed information compiled by Federated, using data supplied by independent fund ranking organizations, regarding the performance of, and fees charged by, other mutual funds, noting his view that comparisons to fund peer groups may be helpful, though not conclusive, in judging the reasonableness of the proposed fees. The Board considered, in evaluating such comparisons, that in some cases individual funds may exhibit significant and unique differences in their objectives and management techniques when compared to other funds within an industry peer group.

The Fund's performance was above the median of the relevant peer group for the one-year period covered by the Senior Officer's Evaluation. The Board also considered the relatively tight dispersion of performance data with respect to the Fund and its peers.

Following such evaluation, and full deliberations, the Board concluded that the performance of the Fund supported renewal of the Fund's investment advisory contract.

The Board also received financial information about Federated, including information regarding the compensation and ancillary (or “fall-out”) benefits Federated derived from its relationships with the Federated funds. This information covered not only the fees under the investment advisory contracts, but also fees received by Federated’s subsidiaries for providing other services to the Federated funds under separate contracts (e.g., for serving as the Federated funds’ administrator). The information also detailed any indirect benefit Federated may derive from its receipt of research services from brokers who execute Federated fund trades. In addition, the Board considered the fact that, in order for a fund to be competitive in the marketplace, Federated and its affiliates frequently waived fees and/or reimbursed expenses and have disclosed to Fund investors and/or indicated to the Board their intention to do so in the future. Moreover, the Board receives regular reporting as to the institution, adjustment or elimination of these voluntary waivers.

Federated furnished information, requested by the Senior Officer, that reported revenues on a fund-by-fund basis and made estimates of the allocation of expenses on a fund-by-fund basis, using allocation methodologies specified by the Senior Officer. The Senior Officer noted that, while these cost allocation reports apply consistent allocation processes, the inherent difficulties in allocating costs continues to cause the Senior Officer to question the precision of the process and to conclude that such reports may be unreliable, since a single change in an allocation estimate may dramatically alter the resulting estimate of cost and/or profitability of a fund and may produce unintended consequences. The allocation information, including the Senior Officer’s view that fund-by-fund estimations may be unreliable, was considered in the analysis by the Board.

The Board and the Senior Officer also reviewed information compiled by Federated comparing its profitability information to other publicly held fund management companies. In this regard, the Senior Officer concluded that Federated’s profit margins did not appear to be excessive. The Senior Officer also noted that Federated appeared financially sound, with the resources to fulfill its obligations under its contracts with the Fund.

The Senior Officer’s Evaluation also discussed the notion of possible realization of “economies of scale” as a fund grows larger. In this regard, the Board considered that the Adviser has made significant and long-term investments in areas that support all of the Federated funds, such as personnel and processes for the portfolio management, shareholder services, compliance, internal audit and risk management functions, as well as systems technology (including technology relating to cybersecurity,) and that the benefits of these efforts (as well as any economies of scale, should they exist) were likely to be enjoyed by the fund family as a whole. The Board noted that the Adviser’s investments in these areas are extensive. In addition, the Board considered that Federated and its affiliates have frequently waived fees and/or reimbursed expenses and that this has allowed fund shareholders to share potential economies of scale from a fund’s inception. Federated, as it does throughout the

year, and in connection with the Board's review, furnished information relative to revenue sharing or adviser paid fees. Federated and the Senior Officer noted that this information should be viewed to determine if there was an incentive to either not apply breakpoints, or to apply breakpoints at higher levels. It should not be viewed to determine the appropriateness of advisory fees because it would represent marketing and distribution expenses. Finally, the Board also noted the absence of any applicable regulatory or industry guidelines on this subject, which (as discussed in the Senior Officer's Evaluation) is compounded by the lack of any common industry practice or general pattern with respect to structuring fund advisory fees with "breakpoints" that serve to reduce the fee as a fund attains a certain size.

While the Senior Officer noted certain items for follow-up reporting to the Board and further consideration by management, he stated that his observations and information accompanying the Senior Officer's Evaluation supported a finding by the Board that the management fee for the Fund was reasonable. Under these circumstances, no objection was raised to the continuation of, the Fund's investment advisory contract.

In its decision to continue an existing investment advisory contract, the Board was mindful of the potential disruptions of the Fund's operations and various risks, uncertainties and other effects that could occur as a result of a decision to terminate or not renew an investment advisory contract. In particular, the Board recognized that many shareholders have invested in the Fund on the strength of the Adviser's industry standing and reputation and with the expectation that the Adviser will have a continuing role in providing advisory services to the Fund. Thus, the Board's approval of the investment advisory contract reflected the fact that it is the shareholders who have effectively selected the Adviser by virtue of having invested in the Fund. The Board concluded that, in light of the factors discussed above, including the nature, quality and scope of the services provided to the Fund by the Adviser and its affiliates, continuation of the investment advisory contract was appropriate.

The Board based its decision to approve the investment advisory contract on the totality of the circumstances and relevant factors and with a view to past and future long-term considerations. Not all of the factors and considerations identified above were necessarily relevant to the Fund, nor did the Board consider any one of them to be determinative. With respect to the factors that were relevant, the Board's decision to approve the continuation of the contract reflects its determination that Federated's performance and actions provided a satisfactory basis to support the decision to continue the existing arrangement.

Voting Proxies on Fund Portfolio Securities

A description of the policies and procedures that the Fund uses to determine how to vote proxies, if any, relating to securities held in the Fund's portfolio is available, without charge and upon request, by calling 1-800-341-7400.
